

Russell Berrie Nanotechnology Institute
TECHNION – ISRAEL INSTITUTE OF TECHNOLOGY

Take part in a prestigious International Nano Program:

The Norman Seiden Multidisciplinary Graduate Program in Nanoscience and Nanotechnology

Technion – Israel Institute of Technology

Nano

WHO CAN APPLY?

The program is designed for outstanding students holding a BSc or MSc in the natural sciences, exact sciences or engineering.

Interested in a personalized course of study and a renaissance-type nano education? This program will interest you.

WHAT TO EXPECT?

This unique program gives an elite group of students a broad background in nanoscience and nanotechnology through a personalized program of graduate courses.

The program encourages multidisciplinary research.

Students are granted free tuition and scholarships

HOW TO REGISTER?

Simply send us:

- ▶ Your curriculum vitae
- ▶ Two letters of recommendation
- ▶ A transcript of your grades

▶▶ Please address your applications to:
rbni@tx.technion.ac.il

* Registration to the program is open year round.
