

Quantum Computing Technion Summer School

~~September 15th – 8th 2020~~

TECHNION Summer Student Program

The Helen Diller Quantum Center at the Technion will hold a summer school in quantum computing aimed at students who finished two years of undergraduate studies in physics, computer science, chemistry or engineering.

The school will provide courses in:

- Quantum information
- Quantum technologies
- Programming

Summer Student Program

Participants will have the opportunity to do small projects.

Venue: The Technion campus

Housing: Technion dorms

Free access to the Technion sports facilities

The number of participants is 17 the top 20 applicants

Due to the covid-19 implications, we have decided to hold the **Quantum Computing Summer School** online, via zoom. All those interested are invited to take part and join the school online. Additional details will be sent shortly.

Thank you
