

Russell Berrie Nanotechnology Institute
Technion – Israel Institute of Technology

&

The Optical Society
Technion chapter

present: **Quantum of Optics**
Auditorium 1003, Andrew & Erna Viterbi
Faculty of Electrical Engineering

Monday, 15 April, 2019

10:15 Refreshments

10:30 Opening remarks - OSA chapter

10:45 **“Theory, experiment and what’s in between”** –
PhD student talks on various aspects of optical research

11:30 **“Speak for a speaker”** - optics and photonics poster session

12:00 lunch

12:30 RBNI Monthly Seminar - Prof. Miles Padgett
“Beating classical imaging limits with entangled photons”

Tuesday, 16 April 2019

11:30-12:30 Q&A session with Prof. Miles Padgett

Prof. Miles Padgett

School of Physics and Astronomy,
University of Glasgow

Principle Investigator, QuantIC
UK Quantum Technology Hub
in Quantum Enhanced Imaging
